OFFICIAL PAPER OF THE CITY

It was a very busy and for the most part earnest group of young women who gathered at the City Hall last Thursday evening to work on the comfort bags which Tropicco's Auxiliary is preparing for the soldier boys who will leave here to go to training camps enroute for the front. The first group will leave August 5th, so there is need to work diligently to prepare and equip these souvenirs of home which will represent loving thought for the comfort, convenience and pleasure of these boys when they are far from Tropicco.

The Sentinel's representative wondered whether any other woman there was thinking of how history repeats itself and remembering the tales told of civil war days when little girls and their mothers gathered in like manner to sew for the soldiers, to make bandages and scrape lint. The Southern women went back to first principles and spun the wool and cotton needed for garments, then wove the products into cloth and, carrying the process further, manufactured the product into clothing.

Then, as now, women's thoughts were busy with sons, husbands and sweethearts who were either at the their handiwork were stitched a thousand hopes and fears, a thousand love-front or liable to be called, and into ing wishes.

In those days the "Sanitary Commission" did much of the work that

is now carried on by the Red Cross, and the need for service and contributions carried women who were able to present the cause in an effective manner to public rostrums which they would never have had the courage to mount under other circumstances. It was the first step in the evolutionary movement which has put women on a political and social equality with men in California and other states of the Union. Unless all signs fail the present war will complete the work then begun and give suffrage not alone to the women of America but to the women of Europe as well. Have they not stood shoulder to shoulder with men in the fields and in the factories? And now Russian women have donned uniforms, shouldered guns and marched to the battle front where they have given a good account of themselves in repelling attacks and taking prisoners. When woman demonstrates that she is ready to go to the limit in defense of her country, how can her political equality be denied?

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The High School Problem

Annexation and the High School

A visit to the office of County Superintendent Keppel confirmed the current report that the annexation of Tropico to Los Angeles will automatically annex to that city that portion of the High School District which is included within the municipality of Tropico. Pupils of Tropico will acquire the privilege of attending such High School within Los Angeles as may be selected by the school authorities, and at the same time they will lose the privilege of attending the high school at Glendale except by special arrangement between the school boards of Los Angeles and Glendale. Should the two school boards fail to reach an agreement upon the matter, the question would be referred to the County Superintendent for arbitration and decision. Mr. Keppel admitted that the payment of tuition would undoubtedly be required under any transfer arrangement which might be made, but refused to forecast what the amount of such tuition might be, or what form his action might take should he be called upon to arbitrate between the two boards of education.

He stated that annexation to Los Angeles would rob the Glendale High School District of taxable property valued at \$1,330,000, but that it would also relieve the district of the education of 75 to 100 high school pupils of Tropico and the expense of maintaining the school could be cut down to meet the deficit.

Mr. Keppel also stated that the tax paid in Los Angeles for common and high schools is about 3½ cents less than Tropico's school tax for the current year.

The Sentinel's representative then argued that the loss would fall most heavily on the renter who, having no property, would experience no relief from lower taxes but in any event would have to pay an extra amount for high school privileges, either as tuition to Glendale High or in transportation to a Los Angeles High School. It would therefore discourage new residents with children to educate, but Mr. Keppel seemed to think that argument was a digression from the main question at issue.

BEACH OUTING

Mrs. Moody and daughter Mildred of West Cypress street returned Wednesday from Hermosa Beach in fine health and spirits and with a good coat of tan to show for their outing.

NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF BOND ISSUED FOR THE IMPROVEMENT OF CHRISTOPHER STREET IN THE CITY OF TROPICO.

PASTORS RETURN

Last Thursday Rev. O. P. Rider and Rev. Don S. Ford returned to Tropic after an automobile trip and outing in Yosemite Valley where they camped with a very pleasant party which included Mrs. Rider, her daughter Ruth and son Paul, and Doctor Moore of Santa Barbara, a returned missionary from Japan. Mr. Ford gives an enthusiastic account of the journey reporting the roads fine through the valley but not so good in the mountains. The only ill luck of the expedition was the impact breaking his front axel but causing no other damage beyond repair. On the way Paul Rider was left at Tulare where he has work for the vacation season. Both pastors occupied their pulpits last Sunday and were warmly welcomed by their congregations.

Election Slogan

Vote "No" on the 29th. Tropic for us!

This was the slogan adopted at an enthusiastic meeting of anti-annexionists held Monday evening at the headquarters of the organization, 217 San Fernando Road. The gathering was in the nature of a rally and all the speeches made were contributions to a general discussion. Headquarters will be open every evening. There will be another rally Friday night and next Monday evening a mass meeting will be held at the same place addressed by disinterested speakers from abroad who thoroughly understand Los Angeles' annexation campaign and the motives behind it. Tropic voters who want to hear both sides of the question will do well to bear this meeting in mind.

Telephone Improvement

Announcement has been made by C. F. Mason, superintendent of the Southern California Telephone Company that \$175,770 has been set aside for the physical work of unifying the Home and Sunset companies recently consolidated. Of this amount \$28,220 will be expended for placing a trunk cable underground and removing the present aerial cable. This will provide immediate trunking relief between Los Angeles and Glendale and remedy congested conditions in this district.

PROCEEDINGS OF BOARD OF TRUSTEES

All members were present when the Board was called to order last Tuesday evening. Also present City Attorney Shaw, City Engineer Wattles and City Clerk Van Wie.

Grade Crossing Signs

The first communication read by the clerk was from the Railway Commission and concerned an order forbidding motor vehicles from running at a speed greater than fifteen miles an hour at grade crossings of railways; also requiring cities to place and maintain warning signs within 300 feet of such crossings and prescribing a certain disc. Clerk Van Wie stated that the discs had already been secured from the Automobile Club of Southern California without cost to the city, and been placed, and that more would be ordered.

The City Clerk also reported the receipt of the bill of lading for the Siren from the Federal Electric Co.

City Engineer Wattles submitted a report and sketch of the unimproved portions of Acacia avenue which had been dedicated for street purposes, recommending the vacation by the City of these trips between the street proper and the property line, advising that the City Attorney be instructed to prepare the necessary resolution. After some discussion the Board decided to interview property owners to see if they would be responsible for the expense of such vacation proceeding.

The City Engineer also recommended that the metal buttons at street intersections be painted white. Referred to Committee on Public Works of which Trustee Veselich is chairman.

Still Unsatisfactory

Trustee Seal complained that nothing had been done by the Telephone Company to correct the repair work at the intersection of Brand and San Fernando pronounced unsatisfactory by the City Engineer, and the matter was referred to Street Superintendent Ripley.

Difficult to Negotiate

President Peters reported complaints on the part of autoists that

the location of the button in the center of the intersection of Central avenue and Tropico made the turn difficult on account of the slope of the street. The matter was discussed but no action taken.

Demands

The following demands were approved and ordered paid: Tropico Sentinel \$9.45; Charles Jennings \$10; Milton Armstrong \$15; W. E. Edwards \$40.50; E. C. Fairfield \$3.63.

The Board then adjourned.

THE PLAZA TERMINAL

The editor of the Sentinel had the pleasure last Monday of interviewing Mr. H. Hawgood, of Pasadena, a civil engineer prominent on this coast and a former member of the city council of South Pasadena. He testified before the Railroad Commission at its recent hearing in Los Angeles of arguments for and against a union railway station at the Plaza as a factor in the removal of grade crossings in Los Angeles, over which the courts have decided that the Commission has jurisdiction. In Mr. Hawgood's opinion such a station at the eastern entrance to the city as a terminal for transcontinental lines and large enough to accommodate any new roads which may seek entrance in the future, is the only practical solution of the grade crossing problem. Related to it is the plan to confine the freight traffic to the river bank from which the necessary spurs will radiate. Hearings will be resumed in the course of a few weeks but several months are likely to elapse before a decision is reached.

Mr. Hawgood believes such a passenger terminal would have a good effect upon the northern business district and upon the suburban territory north and east of Los Angeles. He considers the disposition of certain real estate interests to boom new districts at the expense of old ones, seriously damaging to the town.

Advice About Annexation

Mr. Hawgood was also interested in Tropico's coming election which he hoped (for the good of the district as he saw it) would not carry for annexation to Los Angeles. The Pasadena district he considers in much the same situation as the San Fernando Valley towns with respect to Los Angeles; and Pasadena, he de-

clares, will never vote for such annexation, in which in his opinion it would have everything to lose and nothing to gain.

EXEMPTION BOARD

The Exemption Board of the Seventh District met for the first time Monday evening in quarters provided for it above the Chamber of Commerce in Glendale, and made the preliminary arrangements for their work. Messrs. John T. Wilson of San Fernando, Mattison B. Jones of Glendale, and Dr. Lanterman of La Canada constitute the Board. Official numbers were received from Washington Tuesday and a force of stenographers put to work preparing lists Wednesday.

CALL OF THE NORTH

Rev. H. C. Shoemaker, a former pastor of the Presbyterian church who, with Mrs. Shoemaker, has been occupying the Black home on Park avenue, has accepted a call to the St. James Presbyterian church of Oakland. He and Mrs. Shoemaker have many friends in the Bay Cities and will soon be quite at home there, though their hearts are in Southern California. Mrs. Shoemaker will remain in Tropico until the Blacks return from the east.

BEACH HOUSE PARTY

Messrs. and Mesdames Andrew Stephenson, John Hobbs, Noble Ripley, Glen Craig, Miss Dorothy Hobbs, Mary Pauline Craig, Mr. Dwight Stephenson, Mr. and Mrs. D. H. Smith and son Wayne Smith of Glendale, and Miss Ernestine Lyon of Glendale, went to Venice for a week.

WILL SUMMER AT TROPICO

Mrs. Laura Lockhart and her daughter, Miss Ora Lockhart, are expected to arrive from Seattle very soon to spend the remainder of the summer with Mrs. Pearl Keller and her mother on Brand Boulevard.

Persons desiring to go into the fig business in Fresno County, California, should call upon M. M. Eshelman, 219 Blanche Ave., Tropico, Saturday evening August 4th, this week.

FAREWELLS TO THE BOYS

The most important social events of the week will be the affairs which have been arranged to do honor to the soldier boys who will soon leave Tropico for the training camps and perhaps for still longer journeys, later in the year.

The first to depart will be the members of the Coast Artillery who are to mobilize Sunday, August 5th, at Normal Hill Center in Los Angeles and from there go to their training camp at Point Firmin. Thirty-seven of these boys are going from Glendale and Tropico, and their lieutenant, Mr. Nichols, who has been chief lineman for the Glendale branch of the Sunset Telephone, is also a Glendale man.

The boys from Tropico are Ed. Moniot, Al. Moniot, Harry Chandler, John Collage, Leo Loman. These all belong to the Coast Artillery. Then there are the boys who have enlisted for cavalry service who are in readiness for a call any day, viz: Louis Gabaig, Herbert Collage, Harvey Fishel and Garland Stone. Battery F. Field Artillery, has secured Charles Edward White. Will Marple has been enrolled for Naval Base Hospital No. 4.

Friday evening, girls of the Phila-thea Class of the Methodist Church will give a reception to the soldier boys in the Baraca Class, at the Methodist Parsonage. Thursday evening the comfort bags which the girls of the Tropico Red Cross Evening Circle have been preparing for Tropico lads will be presented to the soldiers who are to be mobilized the 5th. The same night a party in honor of all the enlisted men of the district will be given at the home of Mrs. A. M. Beamon, 245 Maryland avenue, Glendale.

There will be heartache in saying goodbye to these volunteers but there will also be pride in the knowledge that Tropico has the young manhood of which patriots and heroes are made.

MR. FORD ENTERTAINS SISTER

Miss Nellie Ford, sister of Rev. Don S. Ford and nurse in the Good Samaritan Hospital, is spending her vacation in Tropico with her brother at the parsonage. Two of her friends from the hospital are with her.

RED CROSS WORK

Mrs. Andrew Stephenson, chairman of the Comfort Bag Committee, had reason to feel much encouraged last Thursday evening, for the attendance on the Mothers and Daughters' Circle at the City Hall was about double that of the week previous. Five sewing machines were available and the girls and their mothers settled down to business in a way which made a serious impression on the piles of work laid out.

Mrs. Bacon, General Chairman, and Mrs. Leigh Bancroft, Chairman of supplies, were also present with a stock of materials purchased that day. It included pretty outing flannel for "nightingales" for hospital patients. These are shoulder wraps greatly needed to keep them warm in bed. They are of simple design and the needlework is feather stitching over which some of the expert needlewomen grew quite excited. Handkerchiefs are also needed. About twelve dozen have been prepared for hemming by Mrs. Bancroft and some of the girls are working on them at home.

It is hoped the circle will continue to grow at the same rate. Women in Hollywood and other places where branches have been established are accomplishing wonders in the way of work and we do not want the women of Tropico to seem less efficient or patriotic. Some women cannot get away from home to attend either the Monday afternoon or

the Thursday evening gathering. To such who prove competent, work will be given to take home if they will apply to Mrs. Leigh Bancroft for it.

Now that the Auxiliary has so many machines at its disposal, more workers can be accommodated at the Monday afternoon meeting and members are asked to seek recruits among their neighbors and bring them to the City Hall.

Growing Fast

As reported elsewhere, attendance on the Mothers and Daughters Red Cross Circle which is meeting Thursday evenings at the City Hall under the direction of Mrs. Andrew Stephenson, was nearly doubled the last meeting. Those present were: Mesdames Charles Jennings, M. N. Barnes, Noble Ripley, E. V. Bacon, Andrew Stephenson, Leigh Bancroft, Glen Craig, Robert Danner, Al Voulet, H. Crane, Misses Eunice and Irene Jones, Lila Shea, Edna Brown, Dorothy Hobbs, Lucile Barnes, Winifred Bacon, Martha Bradshaw, Irma Bradshaw, Dorothy Danner, Julia and Emma Moniot, Leona Hibbert, Amy Miller and Helen Hartwig.

SEWING MACHINE WANTED

Tropico's Red Cross Auxillary has urgent need of a sewing machine which can be kept and used at its head quarters in the City Hall. Can some patriot spare a machine? If so advise Mrs. Hattie Tiffany, Secretary, Tel. Gln. 200 J.

LOCAL HAPPENINGS

GOOD VACATION PLACE

Mr. J. E. Vandever, the genial letter carrier, is enjoying a vacation which began last Friday morning. He is spending it in Tropic and having a nice, restful time.

MISS DEWEY A VISITOR

Miss Alice Dewey of Pasadena is visiting Mrs. Samuel Ayres of North Central avenue.

GUESTS FROM IOWA

Dr. Mabry is rejoicing in the fact that he now has a full house after several weeks of loneliness. It is a rejuvenated house, too, as he put painters, paper hangers, decorators and house furnishers to work who provided a pleasant surprise for the mistress when she returned from Salt Lake City as announced last week. The doctor's mother, Mrs. Irene Mabry, is his guest and he is also having the pleasure of entertaining a dear friend of the Mabry family in Mrs. Cook of Charles City, Iowa.

Guest From Hollywood

Miss Nellie Sharp of Hollywood spent the week end with Mrs. Adelaide Imler and Miss Cora Hickman at Palm Villa.

Post and Corps Picnic

"A grand success" was the verdict concerning the picnic of the N. P. Banks Post and Corps held July 27th at Echo Park. About 150 old soldiers and matrons of the corps attended and enjoyed the fine picnic dinner and the program of addresses which followed. Colonel Holabird made a most interesting speech on Japan in which his attitude toward the "Flowery Kingdom" and its people was most friendly. The Post Commander made an excellent talk, Comrade Henry sang, and Comrade Norton distributed the birthday cards.

Home For Vacation

Earl J. Cramer, after spending a two weeks' vacation with his mother, has returned to Taft, California. Mrs. Cramer is also having the pleasure of entertaining her daughter, Mrs.

Louise Bittle of Maricopa, who is here with her little son John for the summer.

DIED AT SEA

Chief Fairfield has had news of the death of his brother-in-law who was captain and owner of a sailing vessel traversing the South Atlantic. He died on a voyage from South Africa to New York, the ship putting in at the Barbadoes to leave his remains which were shipped by steamer from there to his birthplace, Ilesborough, Maine. He was the husband of Mr. Fairfield's youngest sister, was about his age and like a brother to Ed. who is quite broken up over the loss.

GUESTS IN LUDDEN HOME

Misses Lena Belle and Viola Clay of San Dimas are the guests of their aunt, Mrs. Merritt Ludden, this week.

BABY GIRL

A seven-pound girl arrived at the home of Mr. and Mrs. Jim Proctor last Saturday afternoon. She was given a warm welcome and invited to make her permanent home with them.

Home From the Wilds

Mr. Edward Weston returned Sunday night from his camping trip with Los Angeles friends and reports a delightful tour in all respects. Stops were made at Lake Tahoe, at Placerville and Monterey. Splendid time was made on the return journey, their auto covering 250 to 300 miles a day. No big game was shot, but they caught some fine mountain trout and made camera shots which were well worth while.

U. and I. Picnic

Out of respect for Mrs. Stewart's bereavement in the loss of her father, Mr. Byloff, member of the U. and I. Club postponed the picnic which was to have been held July 25th at La Ramada until Wednesday of the present week, August 1st.

Move to Glendale

Mr. and Mrs. J. Herbert Smith moved Monday from 109 N. Central

avenue to 114 So. Brand Boulevard, Glendale. Tropic is sorry to lose them but now that Mr. Smith is devoting the major part of his time to the Glendale Groceteria he wished to live nearer that place of business.

MRS. KELLER RESTS

Mrs. Pearl Keller had her auto put in order for mountain climbing and went to Camp Baldy last Sunday where she is taking a much needed rest all by her lonesome in a cabin owned by a friend where she can do exactly as she pleases with never a pupil or a telephone call to disturb her. She will return the last of the week.

A CHANGE FOR MISS SHEA

Miss Blanche Shea has accepted a position under Mr. Deal, manager of the Glendale Branch of the Sunset Telephone Company.

Lecture on Yosemite

Next Sunday evening Rev. Don S. Ford will deliver a lecture on the Yosemite Valley in which he will set forth his impressions of that wonderful place from which he has but just returned. It will be given in the Methodist Church on Central avenue at 8 p. m.

Reception for Will Marple

Tuesday evening at the home of Mrs. Meagher on Tenth Street, a reception was given by the Methodist choir in honor of Will Marple who has been its director for a year or more. Mr. Marple has enlisted as a surgeon's assistant in Naval Base Hospital No. 4. He has passed the physical examinations and expects to be called any time after the first. It is his understanding that Naval Base Hospital No. 3 is now in France and the natural inference is that No. 4 soon will be. His friends should get busy with their goodbyes. He himself is busy disposing of his poultry stock and equipment.

Pleasantly Surprised

Comrade Denison and his wife, of Mira Loma avenue, were pleasantly surprised last Saturday evening by a

visit from a party of old friends which included Mrs. Field and her son recently graduated from Stanford University, who has been made a Lieutenant in the National Guard, and Mr. and Mrs. Warner and their daughter who is a fine pianiste. Mr. Warner built the house numbered 224 Mira Loma avenue and formerly lived there, but is now a resident of Los Angeles.

Elizabeth, the four old daughter of Dr Mabry, slipped and fell on a wet sidewalk Monday evening, breaking her arm. It is quite a severe break.

Auditorium Attractions

Beginning Monday August 6th, Mr. Clune promises patrons of the Auditorium a genuine treat in "The Amazons" Marguerite Clark's latest success of the screen by Sir Arthur Wing Pinero. This is the great comedy in which Billie Burke made such a tremendous success on the speaking stage in New York several years ago. It is Miss Clark's best picture to date, being decidedly better than "Miss George Washington" "Snow White", etc.

Moved To Holtville

Mr. C. Rittenhouse, who has been residing on Blanche ave., has accepted a position in Holtville where he has been for several weeks. Dr. Rittenhouse his wife, is packing this week preparatory to joining him in the Imperial Valley city.

Exciting Experiences

Word has been received from H. S. Ryerson of No. 2 Madison Court that he made a safe return to New York on the St. Louis, and is now awaiting further orders. He is a naval officer and the St. Louis was one of the ships which conveyed troops to France. It carried food supplies and is one of the slow boats which was attacked by submarines but escaped. Mr. Ryerson is not permitted to give any particulars but says it was an exciting experience and also states that he participated in the great Paris parade. Mrs. Ryerson is still in San Francisco.

An alarm of fire about mid-day Tuesday called the Tropico engine to the Cook estate just over the San Fernando line in Los Angeles. The blaze was soon extinguished and no serious damage was done.

BALL GAME

There will be a ball game Sunday afternoon on the municipal playgrounds between teams who will put up good, stiff play.

GUESTS FROM NEW YORK

Mr. and Mrs. Alexander Hunter of New York City spent several days with Mrs. Pearl Keller who took them about in her auto and made them "simply crazy" about the beauties of Southern California. Mr. Hunter is an expert, certified accountant of national repute, who came to the coast to audit the books of the Bala-Bala Copper Company. He and Mrs. Alexander may transfer their residence to California.

CIVIL SERVICE EXAMS.

The many civil service examinations which are being announced from day to day emphasize the inroads which the military draft is making on employes of state, county and city. August 18 State examinations for Chief Clerk (women) will be held in Sacramento, San Francisco and Los Angeles, and August 25th there will be a County Examination for Senior Accountant. The Modern Business College in the Metropolitan Bldg., Los Angeles, which is advertised in another column, specializes in coaching for these various examinations, and its students have been wonderfully successful. Those who contemplate taking clerical examinations of any sort will do well to visit this school.

Last Friday Mrs. Eustace B. Moore entertained Mrs. Florence Crane of Long Beach, who taught last year in the Cerritos School.

Dr. Morse, brother of Mrs. Charles A. Barker arrived from the east Wednesday to visit his sister and nephew.

Miss Enid Deeds accompanied by her grandmother, Mrs. Ed. Dulley of Los Angeles, enjoyed a week-end visit at the home of Mr. and Mrs. Thomas Cloyne at Oxnard. While there the young people kept Miss Enid auto riding almost constantly, taking her to many interesting places on the fifteen hundred acre estate left them by their father and also to the ruined fire district around Ojai. Miss Deeds is the daughter of Mrs. H. Lee Brown of 420 San Fernando Boulevard.

Lose Their Baby

THREE POINTS

Voters Should Consider In Deciding How To Ballot On Annexation To Los Angeles

1. The forfeiture of all rights in Union High School at Glendale. County Superintendent Keppel has advised the Sentinel that only by special arrangement which will involve tuition, can Tropic pupils attend the Glendale school after annexation. Lack of adequate school facilities will irreparably damage the City from a residence viewpoint
2. The probable substitution of Owens River water for our present mountain supply at some later date, if not now, and possible heavy tax levies for service pipes and a distributing system for which the district will have to pay without receiving the revenues derived from the water sold.
3. Los Angeles' bonded indebtedness of about \$40,000,000 of which Tropic will have to assume and pay its proportion after having handed its purse to Los Angeles and lost control of its tax receipts and of expenditures for public improvements.

Byron and His Fat.

Poetry and a too pronounced plumpness do not harmonize well, and no one was more widely awake to this fact than Lord Byron. Many were the means he adopted for ridding himself of his unwelcome "adipose deposit."

In a letter to his solicitor he said:

"I wear seven waistcoats and a great coat, run and play cricket in this dress till quite exhausted by excessive perspiration, use the bath daily, eat only a quarter of a pound of butcher's meat in twenty-four hours. By these means my ribs display skin of no great thickness and my clothes have all been taken in nearly half a yard."—London Telegraph.

"Papa, what is the difference between a sanitarium and an asylum?"

"About \$100 a week."—New York Times.

CHARACTER.

The first thing that a human being should recognize about himself is that his character is his distinguishing feature. It is not the amount of money, the amount of power, the amount of brains, that a man has, but his character, that indelibly stamps him.

A Hawk and a Hymn.

Charles Wesley, brother of John Wes-
ley, who founded the Methodist church,
wrote some 6,000 hymns. "Jesus, Lov-
er of My Soul," was the most popular
of any he wrote. He got the idea for
this one day as he was sitting at his
desk. A bird pursued by a hawk flew
in at the open window. The hawk,
afraid to follow, flew away, and Wes-
ley, struck by the incident, was at once
inspired to write a song, applying what
he had witnessed to our spiritual life.

No Professional.

"I was in hopes my son would be a
professional man."

"Isn't he willing to take up such
work?"

"Hasn't shown any signs of doing so
as yet. When it comes to work he
seems to be in considerable fear of
jeopardizing his amateur standing."—
Louisville Courier-Journal.

His Anxious Query.

Young Wife—I don't like that cook-
ing school teacher at all. She has nei-
ther patience nor consideration. She's
actually cruel! Husband—Great
snakes! She doesn't really make you
eat the things, does she?

The American botanist Asa Gray
could instantly recall the names of
25,000 plants.

The Eagle.

According to an ancient notion, the
eagle renews its strength when very
old. It mounts aloft until it comes
near the sun, when, scorched by the
heat, it throws itself into the sea,
whence it emerges full of renewed
vigor. Some commentators have sup-
posed that the passage in Psalm cii,
5, "Thy youth is renewed like the
eagle's," alludes to this old fable. But
the more probable fact is that it refers
to the strength and vigor which char-
acterize the eagle even in old age.—

Overtime Pay.

"Pa, what is meant by overtime
pay?"

"Overtime pay, my boy, is the re-
ward for doing a little extra labor, and
there are two kinds."

"That so? What are they?"

"Well, some men insist on collecting
their overtime weekly at a specified
rate, and others are willing to work
overtime and take their reward in a
successful future. I recommend the
latter course for you."—Detroit Free
Press.

Bird of Sweetest Song.

It is said the larks of Scotland are
the sweetest singing birds of earth. No
piece of mechanism that man has ever
made has the soft, sweet, glorious mu-
sic in it that the lark's throat has.
When the farmers of Scotland walk
out early in the morning they flush the
larks from the grass, and as they rise
they sing, and as they sing they circle
and higher and higher they go, circling
as they sing, until at last the notes of
their voices die out in the sweetest
strains that earth ever listened to.—

Easily Managed.

"How do you manage to get so many
surgical cases?"

"I recommend motoring to my pa-
tients for the sake of the open air,"
replied the doctor. "Then it's only a
question of time."—Puck.
